

San Diego State University
Rebenched & Unrebenched FTES
by Discipline
CY 2008-09

Beginning Summer 2006, the Chancellor's Office changed the calculation of Full-Time Equivalent Students (FTES) to be the number of units attempted by undergraduate and post-baccalaureate students divided by 15 combined with the total number of units attempted by degree-seeking graduate students divided by 12. *Previously, FTES was calculated by dividing all units attempted by 15.* FTE is NOT the number of full-time students. These figures represent FTE generated by course level and abbreviation and do not necessarily reflect FTE by faculty appointment.
